SECTION THREE – ABOUT US

Procurement Services is a trading function of the Commercial Services Group, a Professional Buying Organisation (PBO) and one of the largest trading organisations of its kind in Europe with a turnover in excess of £500 million. Tracing its roots back to 1902, as the supplies division of Kent County Council, the Commercial Services Group has grown organically to become one of the leading suppliers of products and services to the education and public sector, serving over 10,000 customers in 80+ countries. These include local government, education establishments, the care sector and the emergency services.

We are also a member of the Public Sector Buying Organisation (PSBO) Central Buying Consortium (CBC), a group of County, Borough and City Councils, including Kent County Council. The purpose of which is to improve the effectiveness, by co-ordination, of local authority purchasing with the object of effecting savings in public expenditure for the benefit of its members. CBC procures approximately £750m goods and services per annum.

WHY CHOOSE PROCUREMENT SERVICES?

We strive to offer the best customer experience to ensure that all public sector establishments are protected from the complications and risks associated with procuring high value products and services. Below are just some of the reasons why you should consider Procurement Services as your procurement specialists.

KNOWLEDGE

With over 100 years of collective experience dealing with the public sector, every member of staff at Procurement Services can call upon the vast amount of knowledge and experience we have as a team to ensure we can assist you with even the most complicated of queries.

SUPPORT

Every member of the Procurement Services team is just a phone call away. We are here whenever you need us to help support you through the tender process, offer advice or act on your behalf when liaising with suppliers.

CHOICE

We work with some of the top suppliers and manufacturers in the industry. Every framework has been thoroughly created to ensure that you, the customer, get the best terms and conditions from the best suppliers offering the best products and services on the market.

COMPLIANCE

All of our frameworks are national, fully compliant and adhere to the latest Public Contracts Regulations (2015). As well as being able to offer you full PCR 2015 compliance and strong buying power, we provide terms and conditions that are designed specifically for the public sector to protect you. There is no necessity to run a full tender as we have already done the hard work for you.

EASY TO USE

Our ready-made frameworks are convenient and simple for all customers to access. We help make the end-to-end procurement process as easy as possible to ensure everyone gets their desired outcome.

SECTION FOUR – HOW TO USE THE FRAMEWORK

This framework allows for customers to place their orders via direct award or further competition.

The customer is strongly advised to carry out their own due diligence before selecting whether they conduct a further competition or direct award with any of the awarded suppliers. The customer will determine the requirement, specification and award, based on the Most Advantageous Tender (MAT). Procurement Services takes no responsibility for the chosen contracting method of any individual customer.

DIRECT AWARD

Placing an order with any capable supplier awarded on the framework, without re-opening competition, following the criteria set out below.

Regulation 33(8)(a) of the Public Contracts Regulations 2015 (PCR 2015) sets out the criteria for making a direct award where a framework is concluded with more than one supplier:

- All the terms governing the provision of the works, services and supplies concerned are set out in the framework, and
- The objective conditions for determining which of the suppliers on the framework shall perform them are set out in the procurement documents.

In accordance with the above regulation, direct award orders may be placed under this framework provided the customer can meet any one of the following objective conditions:

- Customer is satisfied that, following their own due diligence, they can identify the supplier that offers best value for their requirement
- The supplier is able to supply the required services within the customers timescales
- The supplier achieved the highest total score during the evaluation process
- Services required are unique/exclusive to one supplier
- Continuity of existing services from an awarded supplier

FURTHER COMPETITION

Re-opening competition with all the capable suppliers awarded on the framework to determine the most appropriate supplier for a defined period of time or project.

The customer may choose to implement, amend or provide alternative terms and conditions to those contained within the Legal Services individual contract terms and conditions. Any such amendments or alternative terms and conditions will be contained within the further competition documents and/or the order/individual contract.

In order to adhere to 'The Public Contracts Regulations 2015' when re-opening competition under this framework should follow the steps below:

- 1 The customer must invite all suppliers on the framework who are deemed capable of delivering the particular requirement.
- 2 The customer shall be responsible for formulating a specification/product brief containing full details of the services required.
- 3 The customer will send the specification/product brief to all suppliers quoting the framework reference number. A reasonable and proportionate time limit should be set for the submission of fully completed tender responses.
- 4 Responses received must be kept in a secure place, unopened, until the designated closing date and time for final submissions has passed. Responses received after the specified date and time should be rejected unopened.
- 5 The submitted response shall be evaluated in accordance with the criteria stated in the original specification/product brief. The headline criteria used must be the same as the headline criteria used for the original framework or part thereof, but the participating authority/customer may change the weightings and add their own sub-criteria to apply.
- 6 The tenderers must be advised of the result in writing including brief details on where they scored points and where they did not.
- 7 A required 'standstill period' does not apply to further competitions held under a framework. However, it is advisable to hold a standstill period in relation to a further competition as it is possible a supplier may challenge the decision and apply to court for a 'declaration of ineffectiveness' which could lead to the individual contract being terminated and possibly a fine or compensation claim.
- 8 There is no scope at the further competition stage to select on the basis of general financial and economic standing or technical ability, as these issues have been addressed as part of the process to establish the framework. However, this does not mean financial due diligence should not be undertaken if considered appropriate (e.g. obtaining a report on a suppliers financial standing from an appropriate agency) as long as this does not form part of any selection process.

ASSESSMENT CRITERIA HEADINGS

The headline criteria to be used at further competition stage shall be a combination of:

 Price  Quality of service/added value  Social value

Customers may add their own sub-criteria underneath these headings and select their own weightings that shall be relevant to their individual need.

Further Competition template

A further competition template is available from Procurement Services, please contact us at pscustomerenquiries@csltd.org.uk

LENGTH OF AN INDIVIDUAL CONTRACT

In accordance with the 'Public Contracts Regulations 2015' individual contracts based on a framework are to be awarded before the end of the term of the framework itself. The duration of the individual contract does not need to coincide with the duration of the framework, but might, as appropriate, be shorter or longer. In particular, the customer is allowed to set the length of individual contracts based on a framework taking account of factors such as the time needed for their performance, where maintenance of equipment with an expected useful life of more than four (4) years is included or where extensive training of staff to perform the individual contract is needed.

The individual contract terms and conditions will apply and will remain in force after the expiry of the framework until such time all individual contracts expire or are terminated.

SECTION FIVE – BENEFITS AND KEY POINTS

All our frameworks are free to access.

This framework is fully compliant with the Public Contracts Regulations 2015.

Authorised participants can re-open competition within the framework, removing the need for a full tender exercise or lengthy supplier evaluation each time they have a Legal Services requirement, saving time and costs associated with procurement exercises.

Direct award capability giving you a quick, easy and PCR 2015 compliant route to procurement.

The terms and conditions are safe and designed to protect you.

Free and full support on using the framework through the Procurement Services team.

You are able to benefit from aggregated spend and lower pricing based on the value of the overall contract, even on low spend orders.

The framework will be managed and monitored by Procurement Services (acting for Kent County Council) on behalf of our customers and your views and requirements will be taken into account when reviewing and developing the contract.

Social value is an increasingly important way in which we look to support our customers and communities throughout the UK. Social value is now a 10% weighting within every single new framework, so we can be certain that we are awarding suppliers who are committed to contributing to communities.
